

Host an Event for CVR!

Welcome to CVR's online resource tool for Event Partners!

Thank you for your interest in hosting an event for Central Valley Robotics! *FIRST*LEGO League and *FIRST*LEGO League Jr. are exciting after school programs for children ages 6-14 that get our youth excited about Science, Technology, Engineering, and Math (STEM).

A *FIRST*LEGO League Qualifier or *FIRST*LEGO League Jr. Expo are exciting, high-energy events where student accomplishments are celebrated and students are motivated to pursue technical careers. Our events are celebrations of success, and should always feel like a celebration. In *FIRST*, it is not about winning, it is about the process of problem solving and learning across the entire season.

Our online manual is split into two parts, one for each program. Please click on the sections below to begin.

(Ages 6-10)
